

## DRAGON ROBOTICS SUMMER CAMP 2009

Dragon Robotics is offering both Beginner and Intermediate Camps this year for students entering 5th grade and older. Beginner Camps are for students with no experience, and Intermediate Camps are for students who have Robotics Camp or Competition experience! As always, there will be lots of hands-on help by present and past members of the Sr. High Robotics Team, awesome T-shirts, awards, trophies, and an exciting competition on Friday evening to finish the week and give parents a chance to join in the fun!
